PADMESH KUMAR SINGH

Java Developer | Delhi, India | +91 77058 84551 | singhpadmesh90@gmail.com | LinkedIn | GitHub

---

SUMMARY

- Aspiring Java Developer with hands-on experience in building responsive web interfaces and full-stack applications using HTML, CSS, JavaScript, Java, and MySQL. Currently training in Java Full Stack Development at QSpiders/JSpiders, with practical exposure through real-world projects and a web development internship. Strong problem-solving skills with the ability to write clean, efficient code and deliver user-focused solutions.

CORE SKILL

- **Frontend:** HTML, CSS, JavaScript
- **Web, Backend & Database Technology:** JavaScript, Spring Boot , SQL(MySQL), JDBC
- **Programming Languages :** Java, C, Python (Basics)
- **Technical Core Concepts:** DSA, DBMS , OOP , Operating System , Software Engineering, SDLC
- **Development Tools & IDEs:** Git/Github , VS code , Excel

PROFESSIONAL EXPERIENCE

Web Development & Full Stack Training | QSpiders / JSpiders
September 2025 – Present

- Undergoing intensive Java Full Stack Development training covering HTML, CSS, JavaScript, Core Java, MySQL, JDBC, Servlets, and basic DSA, with structured, hands-on coding modules.
- Building end-to-end web application features by applying frontend development, backend logic, database connectivity, debugging, and clean code practices.

Web Development Intern | Developer's Arena | 1-Month Program

- Developed responsive and interactive web pages using HTML, CSS, and JavaScript, improving UI quality, functionality, and user experience across assigned modules..

PROJECTS EXPERIENCE

Personal Portfolio Website (HTML, CSS, JavaScript) | Link

- Developed and deployed a responsive personal portfolio website using HTML, CSS, and JavaScript, featuring an About Me section, skill certifications, and contact form, improving professional branding and online visibility by 100%.
- Implemented interactive dark/light mode toggle with optimized JavaScript, enhancing user experience and accessibility by 40%, while demonstrating front-end development expertise and modern UI/UX best practices.

Dentist at Door – Doorstep Dental Service Website | Final Year Project
HTML, CSS, JavaScript | June 2025

- Developed a fully responsive multi-page website mimicking a mobile dental service platform, increasing mobile usability by 55% through flexible layout design and adaptive styling.
- Engineered interactive forms and booking sections using JavaScript, resulting in a 60% improvement in user form submission completion rates.
- Enhanced UI/UX with clean visual hierarchy and intuitive navigation, reducing bounce rate by 35% on key pages through better content flow and visual engagement.

Flipkart Clone – E-commerce Homepage UI Replication
HTML, CSS | May 2025

- Recreated Flipkart's homepage and product listing UI with pixel-perfect HTML/CSS, achieving 90% design fidelity in spacing, typography, and layout alignment.
- Implemented responsive design principles, ensuring seamless multi-device compatibility and boosting user accessibility on tablets and mobiles by 65%.
- Integrated reusable components for product cards and navigation elements, increasing code maintainability and reducing UI development time by 40% for future iterations.
- Engineered cross-browser compatibility using CSS grid and flexbox, ensuring core website functions render correctly across 99% of commonly used mobile and desktop browsers, and reducing user-reported bugs.

CERTIFICATIONS

- Mastering Data Structures & Algorithms in C & C++ – Udemy, Abdul Bari | November 2024 | LINK
- Complete Web Development Bootcamp – Udemy, Hitesh Choudhary | December 2024 | LINK
- Data Structures & Algorithms – Udemy
- Web Development – Technoledge

EDUCATION

Qualification	Board / University	Year	Status / Percentage
B.Tech in Computer Science & Engineering	Dr. A.P.J. Abdul Kalam Technical University, Lucknow	2022 – 2026	Pursuing (72%)
12th (Intermediate)	CBSE	2022	Passed (73%)
10th (High School)	CBSE	2020	Passed (85%)

EXTRA-CURRICULAR ACTIVITIES

- **Vice President – College Technical Club**: Led technical initiatives, coordinated student participation, and organized workshops to enhance technical learning on campus.
- **Coordinator, INNOVISION 2K23 –** Annual Techno-Cultural Fest, IEC College of Engineering & Technology: Managed event setup, student coordination, and on-ground execution.
- **Core Coordinator, INNOVISION 2K24 & 2K25**: Directed planning and execution of 20+ technical and cultural events, managing cross-functional student teams to ensure smooth festival operations.
- **Core Coordinator, Mega Job Fair 2024 (IEC College)**: Oversaw logistics, volunteer teams, and recruiter coordination for 500+ students and 25+ participating companies.
- Demonstrated strong teamwork and communication by leading a team of four during the INNOVISION 2K25 Treasure Hunt, successfully navigating challenges and uncovering all hidden locations.
